Attend the iCDO Certificate Program **CDO-1: Foundations for Chief Data Officers** April 25-26, 2019 Chantilly, Virginia

Distinguish yourself.
Learn with your peers.
Advance your career as a certified leader in enterprise data management.

Course Description

The CDO-1 Certificate Program offered by Dr. Richard Wang of MIT will explain the definition and landscape of the Chief Data Officer's role and responsibilities. In this small-class setting, you will receive introductions to big data technologies, as well as data policy, strategy, governance, analytics, and integration. The CDO-1 program will introduce and provide hands-on experience with tools CDOs can deploy immediately to help drive business cases. View the 2-day course [syllabus](https://www.cdoinstitute.org/cdo-1-chantilly/) online at <https://www.cdoinstitute.org/cdo-1-chantilly/>.
